Description

Nardi Palma Outdoor Resin Armchair

The Palma is a rounded-back outdoor armchair with a distinctive full curved backrest, curved arms and a generous seat. Moulded from UV-stabilised polypropylene resin, it drains rainwater, weighs 5.2kg and stacks for storage.

Key Features

MADE IN ITALY

Every piece is manufactured by Nardi in Italy, a company that's built outdoor furniture there since 1990.

WEATHER RESISTANT

Designed to withstand sun, rain, and both high and low temperatures for genuine year-round outdoor use. Cushions, slings, and other fabric elements should be stored or covered separately in extreme weather.

UV & FADE RESISTANT

UV-stabilised resin is formulated to resist fading and colour loss under sustained Australian sun.

RECYCLABLE RESIN

Resin components are non-toxic and recyclable at end of life.

EASY TO CLEAN

Resin surfaces wipe clean with just soapy water — no oiling, sanding, or sealing required, unlike timber.

2-YEAR WARRANTY

Every Nardi product is protected against manufacturing defects for 2 years from the date of purchase.

Part of Nardi's outdoor chair collection, made in Italy.

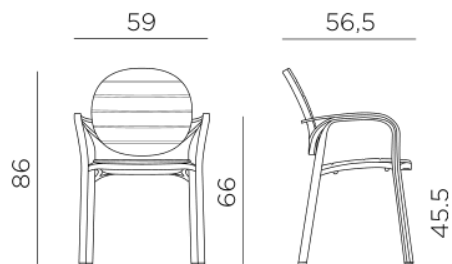

Available in White / Tortora only. CATAS-tested for durability and backed by Nardi's 2-year warranty.

The Palma armchair is rated to hold up to 160kg — the maximum load Nardi certifies for its chairs.

Care & Cleaning

Nardi resin is easy to keep clean and 100% recyclable. Wash with water to remove surface dirt and dust, then spray with Nardi Magic Cleaner (or a non-aggressive universal detergent), leave for a few minutes and wipe with a damp cloth or sponge. For stubborn marks, use the Nardi Magic Sponge; a toothbrush helps in tight spaces. Rinse with plenty of water and dry with a cloth. Avoid aggressive or abrasive cleaners that can scratch the surface — and for darker colours a shaded position helps preserve the colour over time.
