

Nardi Cassia Resin Outdoor Armchair

Product Images

Description

The Cassia Armchair is a smart and stylish seating option designed specifically for outdoor living. Perfect for the Australian outdoors, it combines compact proportions with excellent comfort, making it ideal for refined residential outdoor dining settings.

Featuring smooth, flowing lines and an ergonomic backrest with integrated arm support, Cassia offers a comfortable and inviting seat. The horizontal slat design is both visually striking and functional, providing strength, ventilation, and easy cleaning.

Built for Outdoor Performance

Manufactured in Italy using fibreglass resin, the Cassia Armchair is made to withstand harsh Australian

conditions. It is resistant to UV, moisture, and everyday wear, making it a reliable choice for areas in outdoor or semi-covered environments. The surface is easy to wipe down, making them easy to clean.

Lightweight and stackable, the Cassia Armchair allows for quick layout changes and efficient storage, making it a practical solution for flexible outdoor environments

Stylish Colours for you to choose from

Cassia is available in a selection of neutral and earthy tones that suit a wide range of design themes. Colours like Antracite, Corda, Cappuccino, and Tabacco offer timeless appeal, while regenerated resin options such as Basalto and Cactus give eco-conscious outdoor living enthusiasts a sustainable alternative.
