

Siena Outdoor Lounge Collection

Product Images

Description

Set the scene for slow weekends and long evenings outdoors. The Siena Outdoor Lounge Collection brings together warm timber-look aluminium, tactile woven rope and soft neutral upholstery in one refined, resort-inspired setting - structured and contemporary in its lines, yet relaxed and genuinely liveable the moment you settle into the cushions.

Key Features

- Timber-look aluminium frame - The warmth of natural wood tones with none of the sanding, oiling or

seasonal weathering. A powder-coated aluminium core keeps it light and rust-free.

- Woven rope detailing - Hand-woven outdoor rope wraps the arms and back for tactile, resort-style texture built to handle sun and weather.
- Recycled polyester fabric - Fade-resistant, quick-drying outdoor upholstery in a soft neutral tone that stays looking fresh season after season.
- Thick 14 cm seat cushions - Deep, supportive foam seating designed for long afternoons outdoors, not just for show.
- Nested ceramic-topped tables - Two coordinating round tables with heat, scratch and stain-resistant ceramic tops that wipe clean in seconds.
- Built for the outdoors - Durable, low-maintenance construction engineered to sit comfortably in Australian sun and coastal conditions.

Designed for outdoor living

With a full three-seater sofa and two matching lounge chairs, Siena comfortably seats up to five and is ideal for entertaining across a patio, alfresco area, courtyard or covered deck. The nested ceramic-topped coffee tables tuck together to save space or separate to serve the whole group.

What is included (5-piece setting)

- 1 x three-seater sofa - 207 x 94 x 67 cm
- 2 x lounge chairs - 74 x 94 x 67 cm each
- 1 x large round coffee table - 90 cm diameter x 30 cm high
- 1 x small round coffee table - 60 cm diameter x 35 cm high

Materials and construction

- Powder-coated aluminium frame with natural timber-look heat-transfer finish
- Light grey woven outdoor rope detailing around the arms and back
- White-beige recycled polyester outdoor fabric (seat and back cushions)
- Thick 14 cm seat cushions
- 6 mm ceramic table tops
- Assembly required (full knock-down structure)

Care and maintenance

Frame: Wipe the timber-look aluminium frame with a soft cloth, warm water and a mild detergent. Avoid abrasive scourers or harsh solvents, which can dull the finish.

Rope weave: Brush away loose dirt and dust regularly. Clean occasionally with a soft brush, warm water and mild soap, then rinse and allow to air dry fully before use.

Ceramic table tops: Wipe with a damp cloth; the ceramic surface is heat, scratch and stain resistant and does not require sealing.

Cushions: Spot-clean the recycled polyester covers with a soft cloth, mild soap and warm water, and let them dry fully to prevent mildew. Fluff and rotate cushions regularly for even wear. For extended periods of non-use, or in wet, extreme or coastal conditions, store the cushions indoors or under a protective cover to maximise their life.

Although built for the outdoors, all outdoor furniture lasts longest when protected from prolonged harsh sun, rain and salt exposure.

Warranty

Backed by a 12-month warranty.

Why choose the Siena

Siena gives you the warm, natural look of timber with none of the sanding, oiling or weathering, then backs it with deep 14 cm cushions built for real lounging, fade-resistant recycled polyester upholstery and wipe-clean ceramic tables. It is a complete five-piece setting - a three-seater sofa, two lounge chairs and nested tables - designed to anchor a patio or alfresco space and hold its looks through Australian summers. Add it to your cart today, or see it in person at our Sydney or Melbourne showroom.

Frequently asked questions

Is the frame solid timber? No. The frame is powder-coated aluminium finished with a natural timber-look heat-transfer print, giving the look of wood with the durability and low maintenance of aluminium.

How many people does it seat? The three-seater sofa plus two lounge chairs seat up to five comfortably.

Does it require assembly? Yes. The setting ships flat-packed and assembly is required.
