## Description

### Nardi Plano Sunlounger Cushion

Refresh the comfort of your Nardi Plano sunlounger with the cushion designed specifically for its full-length reclining profile. The shaped two-section construction follows the lounge from backrest to foot end, while the 6 cm padding adds generous support without compromising the clean Plano silhouette.

Made in Italy, the cushion has a removable zipped cover and a water-repellent, stain-resistant and anti-mould finish. Choose Lino or Coco in solution-dyed acrylic, or Bamboo in Sunbrella solution-dyed acrylic. Bamboo Sunbrella has Nardi's highest published lightfastness rating for this cushion range.
