

Nardi Rio 140-210cm Extendable Outdoor Resin Dining Table

Product Images

Description

The new Nardi Rio 140cm extendable dining table opens from 140cm to 210cm giving you a flexible dining solution for smaller outdoor spaces. The table top has the look and feel of timber slats with a straight edge profile and the legs are positioned at the end of the table so that when it extends they do not interfere with seating.

Made in Italy from a high quality polypropylene resin that is UV resistant and characterised by a strong resistance to atmospheric pollutants; non toxic and antistatic. The recyclable resin trademark guarantees that each product is made with 100% recyclable resin and can be crushed and completely recycled without producing waste or damaging the environment.

The aluminium tube frames are powdercoated with a polyester paint suitable for outside use.

The table top of the Alloro table is DurelTOP which is an innovative new system in table tops designed to reach the highest levels of practicality, resistance and elegance.

The DurelTOP table top has a greater thickness formed by a double layer enclosure perfectly closed. Produced from a No.1 quality resin they are resistant to sunlight, water and easy to clean.
